### ***Requirements for new service – water meter install***

1. Property must be within 75 feet of a Main Service Line (otherwise customer must hire a licensed contractor to run a mainline extension- cost approx. \$200+
2. Fill out new service application & account application, copy of Grant Deed, & copy of driver's license or ID.
3. Submit lot plan (if applicable). Needs General Managers approval
4. Property must have official survey markers clearly showing property corners
5. Meter must be paid for in full. \$7,150.49 (\$6,000.00 New Meter + \$1150.49 assessment fee)
6. A deposit of \$2,500.00 is required for new services being installed on a paved road.

Time and materials will be billed out after the meter is installed and would need to be paid within 30 days.

Thank you.
